

DIFC is an ideal launch pad available to all tech start-ups and entrepreneurs

DIFC is a pivotal and sector specific business hub, now open and available to all start-ups, entrepreneurs and technology firms. It offers innovators an opportunity to establish, grow and scale up their innovative businesses with the DIFC Innovation License. With DIFC's dynamic ecosystem and its world-class regulatory and legal framework, every start-up innovator and entrepreneur will be connected to a diversified community of banks, financial institutions and service providers.

The DIFC Innovation License serves as a launch pad for relevant and cutting-edge technology, in the tech start-up and entrepreneurship sector, and enables you to tap into tech innovations across the MEASA region.

With its broad remit, DIFC FinTech Hive and FinTech Fund continue to lead the MEASA region's efforts in providing an enabling environment for innovative solutions that contribute to the development of the financial services and technology industry. The FinTech Hive and FinTech Fund are an extension of how DIFC's enabling environment is helping young, promising start-ups and entrepreneurs to disrupt the sector. Please visit the [FinTech Hive](#) & [FinTech Fund](#) pages for more information.
